

SoftMax® Pro Import Module

OVERVIEW

Abstract

The PLA 2.1 Import Module for Molecular Devices' SoftMax Pro enables users to create biological assays in PLA 2.1 containing measurement values from SoftMax Pro files.

Features

- Fast, secure and reliable data transfer to PLA.
- All imported data is fully retraceable (audit trail).

TECHNICAL SPECIFICATION

Type

Import Module

Version

Version 4.1 (3.x - 5.x)

Version 1.0 (6.x)

(downgrade rights included)

System Requirements

- PLA 2.0 or PLA 2.1

Supported Systems

- SoftMax® Pro 3.x - 6.x by Molecular Devices, LLC

Supported File Formats

- SoftMax 4 .eda, .pda
- SoftMax 6 .xml

Supported Languages

English, German

DELIVERY AND SUPPORT

Release Date

6.0: July 17, 2013

4.1: July 11, 2013

Product No.

23031

Scope of Delivery

- Software (CD or download)
- User manual (PDF)

Lifecycle

We will provide support for PLA 2.1 and all related modules until May 8, 2023.

Support and Upgrades

You have access to our PLA support platform at: support.bioassay.de

This module is covered by our PLA Support Contract. The first year is included and the contract can be renewed year by year. To find out more about its benefits, please go to: www.bioassay.de/support-contract

AVAILABLE MODULES FOR PLA 2.1

- Biacore™ Import Module
- Bio-Plex® Import Module
- Dynex Revelation™ Import Module
- Gen5™ Import Module
- BioTek® Instruments KC4™ Import Module
- Meso Scale Diagnostics® Import Module
- Microsoft Excel™ Import Module
- PerkinElmer® EnVision Import Module
- PerkinElmer® Victor Import Module
- SoftMax® Pro Import Module
- Tecan Magellan™ Import Module

Modules for other data sources will be developed on demand.
