Sep 2018

-----

**NEW!** Biological Assay  
Package 26 (build 1031) |  
March 2019

---

Dear Max,

Next week, we will be in San Francisco. There are still a few seats available, so use your chance and register for the PLA 3.0 Super User Training on April 15-16 and/or the PLA 3.0 Advanced Analysis Workshop on April 17.

Taking part in our training is the best way to familiarize yourself with our successful PLA 3.0 software, the novelties and improvements of our brand-new Biological Assay Package 26 and its most important features. You'll learn how to work with PLA 3.0 most effectively and you will likely find out plenty of things about the program to help you improve your results. See you there!

If you have any further questions, please contact Tanja Farrenkopf, our Sales Manager, via [email](#).
