PLA 3.0.4 SR6 (build 762) |
Sep 2018

Biological Assay Package 26
(build 1031) | March 2019

Dear Max,

You might know Frankfurt as the powerhouse of European finance, for art, tall buildings and for his most famous son: Johann Wolfgang Goethe.

Did you know that Frankfurt with his open and hospitable atmosphere is the fifth-largest and the most international city in Germany? Almost one in three of the people living in Frankfurt do not hold a German passport. No matter where you come from, you will always meet people who speak your language and a restaurant that serves your favorite food.

June is a good time to go to Frankfurt. You can enjoy sunny evenings in one of Frankfurt's popular cider pubs, countless restaurants or bars. Your PLA 3.0 training will take place at "The Westin Grand Frankfurt" which is located in the city center. Frankfurt's city center is well known for the famous shopping street Zeil and the Goethestrasse, the historic center, the new Frankfurt old town and financial district.

Please notice that the number of participants for our training is limited to ensure a highly productive working atmosphere. The PLA 3.0 Open Training and Workshop is a comprehensive training about the most important features of PLA 3.0, how to use them most effectively to make your work more accurate, faster, easier and saves both your time and money.

If you have any further questions, please contact Tanja Farrenkopf, our Sales Manager, via [email](#).
