PLA 3.0 - Biological Assay
Package 26 SR1 (build 1043)
| May 2019

PLA 2.1 (build 605) | Aug
2019

Don't Miss The Last PLA 3.0 Open Training in 2019

Dear Max,

Nearly one month until the 12th Annual EUR Bioassay Conference / BEBPA (25-27th September 2019) starts in Prague, Czech Republic - we are proud to be an exhibitor again. You'll also enjoy going there, as BEBPA conferences are always a great opportunity to meet with other industry professionals, exchange ideas and share knowledge. [BEBPA CONFERENCE REGISTRATION](#).

A team from Stegmann Systems is going to participate. This year, we have some exclusive BETA versions and the latest version of our Migration and Archiving Toolkit with us.

We would be pleased to welcome you at our booth to inform you about the actual innovations. Please feel free to get an exclusive demonstration. Take a look at the coming soon PLA 3.0.5, 64-bit version with new add-on management and our new Dose-Response Analysis Package.

Or would you like to get more information about our broad variety of Add-Ons, Data Acquisition Modules, Validation Package or your possibility to get individual solutions? By talking to you directly, we can understand your requirements and propose solutions matching your needs.

Looking forward to meeting you at the BEBPA.

If you have any further questions, please contact our Sales Manager Tanja Farrenkopf via [email](#).

Best regards
Mathias von Gellhorn
Marketing Manager
