Dear Max,

#### In This Newsletter:

- [Support your co-workers](#)
- [Temporary upgrade of your PLA Seat License to allow home office access to PLA](#)
- [Webinar & Trainings Calendar](#)
- [Meet us at](#)
- [Latest PLA 3.0 Releases](#)

#### Support your co-workers

The better you know PLA 3.0 the more productive, high efficient and also more enjoyable your work will be. But why only your work? Give your co-workers the opportunity to join the training as well. Please forward this e-mail to your co-workers to let them know about the PLA 3.0 End User Training. They'll be glad you were thinking of them.

The PLA 3.0 End User Training is a user-focused training about the most important features of PLA 3.0 and how to work with them most effectively.

You will learn to use and manage documents, how to input your data, and how to work with templates.

Whether you are a new or an experienced user, you will learn new ways to get the most out of PLA 3.0 and all of this in one day (3 and a half hours).

[Read more](#) about our PLA 3.0 End User Training.

#### Temporary upgrade of your PLA Seat License to allow home office access to PLA

You may need to work from home during the COVID-19 crisis, but your current PLA Seat license does not allow remote access? As part of our response to the COVID-19 pandemic, we now offer you a temporary license in addition to your Seat license, free of charge. The temporary license will expire on August 31, 2020.

If you want to use this offer, please write to [support@bioassay.de](mailto:support@bioassay.de) indicating the serial number of your PLA Seat license (visible on the login screen of PLA). We will then provide you with the corresponding instructions.

Best regards  
Mathias von Gellhorn  
Marketing Manager
