

# Biacore™ Import Module

## OVERVIEW

---

### Abstract

The PLA 2.1 Import Module for Biacore (belonging to GE Healthcare) enables users to create biological assays in PLA 2.1 containing measurement values from Biacore's T200 systems.

### Features

- Fast, secure and reliable data transfer to PLA.
- All imported data is fully retraceable (audit trail).

## TECHNICAL SPECIFICATION

---

### Type

Import Module

### System Requirements

- PLA 2.0 or PLA 2.1

### Supported File Formats

- Biacore .xml

### Version

Version 1.0

### Supported Systems

- GE Healthcare Biacore T200

### Supported Languages

English, German

## DELIVERY AND SUPPORT

---

### Release Date

April 4, 2014

### Scope of Delivery

- Software (CD or download)
- User manual (PDF)

### Support and Upgrades

You have access to our PLA support platform at: [support.bioassay.de](http://support.bioassay.de)

### Product No.

23035

### Lifecycle

We will provide support for PLA 2.1 and all related modules until May 8, 2023.

This module is covered by our PLA Support Contract. The first year is included and the contract can be renewed year by year. To find out more about its benefits, please go to: [www.bioassay.de/support-contract](http://www.bioassay.de/support-contract)

## AVAILABLE MODULES FOR PLA 2.1

---

- Biacore™ Import Module
- Bio-Plex® Import Module
- Dynex Revelation™ Import Module
- Gen5™ Import Module
- BioTek® Instruments KC4™ Import Module
- Meso Scale Diagnostics® Import Module
- Microsoft Excel™ Import Module
- PerkinElmer® EnVision Import Module
- PerkinElmer® Victor Import Module
- SoftMax® Pro Import Module
- Tecan Magellan™ Import Module

Modules for other data sources will be developed on demand.
